We're also scheduled to discuss the WP on Thursday am. The goal of that meeting would have been to discuss the VPBs and MWs and if there were any locations we could live without. Also, the cost estimates.

I can set up another conference line and also an adobe connect so we can view the same screen. I would have to give John control to present so he can walk us either the spreadsheet or figure this time.

Let me know if we're good to have that discussion on Thursday. I'll update the invite if so.

Also, I'm working on revising the PDI Work Plan text in redline strike out. Pete gave me some edits and I'm looking to address some things that came up while Pete and I were revising the associated SOW with the attorneys.

I'm thinking the redline will be in shape to send over next week.
